

# SAFETY CONTAINERS

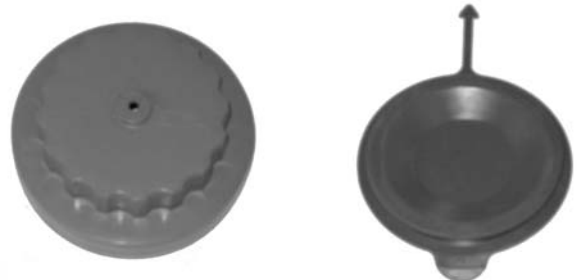

Part Number	Description
76410	Top Mount Water Container

Part Number	Description
76411	Side Mount Water Container

Both top mount and side mount water containers have a 5 gallon capacity. Rugged plastic construction for extra long life. They have extra large top openings for easy filling with scrow on caps. 5/8" clear vinyl discharge hose allows for immediate access to water. Comes complete with mounting hardware and decals.

Part Number	Description
55626	Replacement Strap
55621	Replacement Spring

Part Number	Description
75649	Safety Equipment Container

Part Number	Description
55558	Snap-On Cap P & H
55945	Scrow-On Cap P & H

Safety Equipment Container provides weatherproof protection for gloves, goggles, respirator, etc. Mounts on any sized tank either individually or in conjunction with P & H safety water containers. Comes complete with mounting hardware and decal.

Replacement Caps for P & H safety water containers. The screw-on model comes with a mounting chain. The Snap-on model is for older water container models.
