

# LIQUID GAUGES & VENT VALVES

## Float Gauges

**6290 Series Float Gauge** is supplied for applications on small bulk storage tanks. The accurately calibrated 4" dial face includes the replaceable features found in smaller size Rochester gauges, allowing the dial chamber to be changed while the tank remains under pressure.

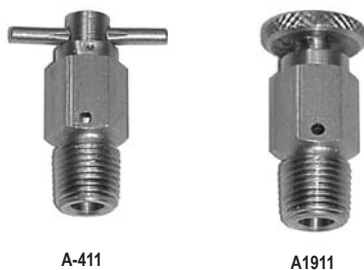

**Rochester 4" Dial Liquid Level Gauge** uses the same mounting adaptor flange as the senior gauge. A forged steel 2" NPT mounting adaptor can be furnished on request.

NH <sub>3</sub> Float Gauges				
Order Part Number	Gauge Part Number	Tank Diameter	Mounting Location	Head Size
N73	A6281-21-41	41"	TOP	Jr

## Liquid Level Vent Valves

Liquid level vent valves are used in all kinds of NH<sub>3</sub> containers to give visual indication of liquid reaching maximum allowable liquid level.

Liquid Level Vent Valves		
Part Number	Size	Description
A1910	1/4" MNPT	Fixed Liquid Level Gauge (12" Dip Tube)
A1911	1/4" MNPT	Liquid Level Valve - Knurled Handle
A411	1/4" MNPT	Liquid Level Valve - Tee Handle
AL404	3/4" MNPT	Liquid Level Vent Valve
WN1632P	1/4" MNPT	Needle Valve
